

How to Upload Pictures

1. Login into your account
Click on the tab 'upload'

2. Click on each field to locate the pictures on your local computer, after finishing selecting all the pictures, click on 'upload' button below
3. If you want to upload all the pictures in one folder, check the box 'Make a new Album', then give a title

Upload Images

This web-based upload accepts the file formats: 3GP, BMP, FLA, FLV, GIF, JPEG, JPG, M4A, M4V, MOV, MP3, MP4, PNG, and ZIP.

Note:
ZIP files must contain only Zenphoto supported *image* types.
The maximum size for your total upload is **10MB** which is set by your PHP configuration `post_max_size`.
Don't forget, you can also use FTP to upload folders of images into the albums directory!
